Shifty

She's magical, magical  
The girl's got a spell on me  
Oh yeh! Oh yeh!  
She's magical, magical  
A modern day wizardry  
Oh yeh! Oh yeh!

Now she's a heart stopper  
Jaw dropper for real  
Baby steals my breath with the sex appeal  
She's everything I ever wanted and more  
She makes me feel like a kid in a candy store  
An like a rabbit out of a hat  
She's a disappearing act  
I wink inside the mirror  
And she always winks back  
I'm in room 32  
You can come up an see me  
I make your bikini disappear like Houdini  
It's our time no times better than now  
You can bite, scratch me an throw me around  
You might be the prettiest thing I ever saw  
Looking like that should be against the law  
She's just my taste got a face to match  
I said, "this is one girl I got to catch"  
You might be the one who could set me free  
So lets work it out  
Work your magic on me

She's magical, magical  
The girl's got a spell on me  
Oh yeh! Oh yeh!  
She's magical, magical  
A modern day wizardry  
Oh yeh! Oh yeh!

Sexy girl you got a spell on me  
You got me running up the street like a dog in heat  
You're such an inspiration  
You got my heart racing  
Got me levitating with your sex education  
Tell me is it real or just my imagination  
Are you looking for love?  
Well I'm over here waiting  
Baby on the real  
Can you feel the chemistry?  
No smoke an mirrors  
I believe what I can see  
I believe in you  
Now could you believe in me?  
I feel the energy  
You wanna be my fantasy  
Hey pretty girl  
Come give me a kiss?  
It ain't hard to do  
It's as easy as this  
Put your lips to my lips

Put your hands on my side  
Move your body closer and look into my eyes  
I got a heart made of gold an a bottle full of brew  
The only thing I'm missing is you

She's magical, magical  
The girl's got a spell on me  
Oh yeh! Oh yeh!  
She's magical, magical  
A modern day wizardry  
Oh yeh! Oh yeh!  
I say, oh yeh!  
Oh yeh!  
An Say yeh!  
Oh yeh! O o ooo Yeh!

She's magical, magical  
The girl's got a spell on me  
Oh yeh! Oh yeh!  
She's magical, magical  
A modern day wizardry  
Oh yeh! Oh yeh!

Magical, Magical  
So Magical, Magical  
Magical, Magical  
So Magical, Magical
