

Shorty Rock

Shifty

Shorty Rock, Shorty Rock Don't Stop
Oh baby won't you take me back
Shorty Rock, Shorty Rock Don't Stop
Whats it gonna take for you to take me back
Shorty Rock, Shorty Rock Don't Stop
Oh baby won't you take me back
Shorty Rock, Shorty Rock Don't Stop
Whats it gonna take for you to take me back
Now even though your still gonna hear your voice in my head
And all the sexy things you say when we're layin in bed
Remember you said you'd always be my ride-or-die girl
Remember my life changed when you came to my world
Bought you so much ice it would give you a brain freeze
I don't want the other girls, you're the one for me
And I can't picture my life without you in it.
'Cuz our life had no bounds and it knew no limits
No gimics, it was straight thug passion
I miss the afternoon back shots and that late night smashin
Whenever you want it you can have it
I made you my bad habit, I gave you more cabbage than
