

Going, Going, Gone

Shirley Bassey

Going, going, gone
Love is going, going, gone
There's a limited supply
Better bid, better buy while the sale is going on

Going, going, gone
Love is going, going, gone
Prices everyday increase
Better grab every piece you can lay your hands upon

Going, going fast
Life is going, going fast
There's no time to wheel and deal, touch and taste, see and feel
What you miss could be your last

Going, going, gone
Love is going, going, gone
Love is going, going once, going once, going once
Love is going, going twice, going twice, going twice
This is it for paradise, going once, going twice
Love is going, going, gone

Going, going, gone
Love is going, going, gone
Love is going, going once, going once, going once
Love is going, going twice, going twice, going twice
This is it for paradise, going once, going twice
Love is going, going, gone
Going, going, gone
Going, going, gone
Going, going, gone
