

Rhinestone Eyes

Shooter Jennings

I see you in the starry night
I see you in the ballroom on the floor
Come to me my rhinestone eyes
Come to me just like you did before
Many years have passed
You're just as beautiful as you ever were
Come to me my rhinestone eyes
Come to me and only through the storm

There's shadows in my mind
Shadows on the highway up ahead
Come to me my rhinestone eyes
Let me rest my head about your breast
There's lightning in your touch
I'm captured and the sky is burning red
Come to me my rhinestone eyes
Keep me through the trouble up ahead

Sitting in a kitchen
You waited for me like a little dog
Oh come to me my rhinestone eyes
I've yet to learn that which is really love
Like an [?] in the rain
You wrap me like a chain around so deep
Oh come to me my rhinestone eyes
I'm ready for your heart to safely keep

There's shadows in my mind
Shadows on the highway up ahead
Come to me my rhinestone eyes
Let me rest my head about your breast
There's lightning in your touch
I'm captured and the sky is burning red
Come to me my rhinestone eyes
Keep me through the trouble up ahead

There's shadows in my mind
Shadows on the highway up ahead
Come to me my rhinestone eyes
Let me rest my head about your breast
There's lightning in your touch
I'm captured and the sky is burning red
Come to me my rhinestone eyes
Keep me through the trouble up ahead
