

A Situation

Sia

Well I live here with you
In, in a kind of "yes, will do"
Oh what part of now don't you understand
I'm showing you well apparent
Yeah I get the bluff if I'll get out
No room for three, you, me and your doubts
One of us has got to leave
And it sure will be me
And I think we could have a situation
We could have a situation
Any reason we can't just settle around now
Yeah, ok, and how?
Rather than shout and praise
Adjust with them, not without friends
Oh, what part of our old tune don't you understand
I think I made it clear that you're in the mend
In the mend
Oh, we could have a situation
Oh, we could have a situation
