

## Sweet Potato

Sia

She cooks you sweet potato, you don't like aubergine  
She knows to boil the kettle when you hum bars from grease  
She senses you are lonely but still she can't be sure  
And so she stands and waits, stands anticipating your thoughts

How can she become the psychic that she longs to be  
To understand you  
How can she become the psychic that she longs to be  
To understand you

He brushes thoroughly  
He knows she likes fresh breath  
He rushes to the station  
He waits atop the steps  
He's brought with a mars bar  
She will not buy nestle  
And later he'll perform  
A love-lorn serenade, a trade

How can he become the psychic that he longs to be  
To understand you  
How can he become the psychic that he longs to be  
To understand you

So give her information to help her fill her holes  
Give an ounce of power so he does not feel controlled  
Help her to acknowledge the pain that you are in  
Give to him a glimpse of that beneath your skin

Now my inner dialogue is heaving with detest  
I am a martyr and a victim and i need to be caressed  
I hate that you negateme I'm a ghost at beck and call  
I'm fading and placating, berate myself for staying

I'm a fool  
I'm a fool

He greets this stranger meekly a thing that she accepts  
She sees him waiting often with chocolate on the steps  
He senses she is lonely, she's glad they finally met  
They take each other's hands, walk into the sunset

Do you like sweet potato
