

# Do I Have To Dance

Simon Curtis

Notice me  
Notice me  
No-no-notice me  
No-no-notice me

Notice me  
Won't you notice me  
Go with me  
Won't you go with me  
Follow me  
Won't you follow me  
Come with me  
won't you come with me

Notice me  
Won't you notice me  
Go with me  
Won't you go with me  
Follow me  
Won't you follow me  
Come with me  
won't you come with me

Like a feather falling through the light  
I'm drifting into madness  
And all that felt so pure tonight  
Is shifting into sadness

Like a feather falling through the light  
I'm drifting into madness  
And all that felt so pure tonight  
Is shifting into sadness

How long do I have to dance?  
(How long, how long, h-h-h-h-how long do I have dance)

How long do I have to dance?  
(How long, how long, h-h-h-h-how long do I have dance)

Like a feather falling through the light  
I'm drifting into madness  
And all that felt so pure tonight  
Is shifting into sadness

(D-d-do I have to dance?)

Notice me  
Won't you notice me  
Go with me  
Won't you go with me  
Follow me  
Won't you follow me  
Come with me  
won't you come with me

Notice me  
Won't you notice me

Go with me  
Won't you go with me  
Follow me  
Won't you follow me  
Come with me  
won't you come with me
