

Walking Away

Sinead Harnett

Still figuring out the girl looking back at me
(She came here from the other side)
I know I'm having too much of what I don't need
(Pulling me under the tide)
Sometimes I really wonder if it's my time to go
But if I try, always ends up the same though

I won't be walking away from me, me, me
I won't be walking away from me, me, me
When they killing my soul, just so they won't, I won't give in
I won't be walking away from me, me, me

Even when I become my own worst enemy
(Even from the inside)
It's just a matter of choosing what to believe
(I'm meant to swallow my pride)
I won't surrender to the love in the atmosphere
'Cause you ain't nothing if you give into your fears

I won't be walking away from me, me, me
I won't be walking away from me, me, me
When they killing my soul, just so they won't, I won't give in
I won't be walking away from me, me, me

I won't be walking away
Won't be walking away
Won't be walking away
I won't be walking away
Won't be walking away
Won't be walking away
Won't be walking away
Won't be walking away
Won't be walking away (Oh)
Won't be walking away
Won't be walking away
Won't be walking away (Oh)
Won't be walking away
Won't be walking away
Won't be walking away
Won't be walking away
Won't be walking away (Oh)
Won't be walking

I won't be walking away from me, me, me
I won't be walking away from me, me, me
