

# When the Boys Meet the Girls

Sister Sledge

You need somebody  
Who needs somebody  
I need somebody  
I need someone like you

You got that new talk  
You got that cool walk  
I want what you got  
Don't ya need somebody too?

So right  
So young  
So here I come

I'm feelin' the heat around the world  
When the boys meet the girls  
Jump to the beat around the world  
When the boys meet the girls  
I need somebody  
You need somebody too

The girls are dancing  
The boys advancing  
Casual glances  
I wanna dance with you

Rockin' and slammin'  
Up on the bandstand  
Excellent jammin'  
Don't ya need somebody too

The night is young  
We're havin' fun

I'm feelin' the heat all over the world  
When the boys meet the girls  
Passion runs deep all over the world  
When the boys meet the girls  
Freak out your feet all over the world  
When the boys meet the girls
