

Skelator

Skelator

I am the chosen, Fireball throwin'
I'm the master of the universe
I killed the rest, Because I'm the best
I torture you with no remorse

(Chorus)
Skelator, Skelator
I come from depths of hell
Skelator, Skelator
Do you have a soul to sell?!

Ripping Flesh, I've gone obsessed
I will destroy the world
Sacrifice the virgins, My power surging
My plan will be unfurled

(Chorus)

Blow to me, Your eyes will bleed
You will die, As you burn you'll cry
Your soul is mine, You little swine
You will bow for Skelator

Your intestines leak, you can't even speak
You want possession of your soul
If you say please, you'll die with ease
You're in my complete control

(Chorus)

You Will Bow For Skelator
