

## High Rate Extinction

Skinless

Reign over you another day  
Take all I can  
Slave to me there's no other way  
Break all I can  
Come and taste me  
Stay and praise me  
Take all I can while I burn you down  
Weak man  
Weak mind  
You know you never will...be free  
Come for you time after time and again

Crawl with me  
Crawl with me

Give me what I need from you  
Don't question why  
On your knees in front of me  
Weak man, weak mind  
You know you never will be free  
Come for you time after time and again
