

## Back To My Friends

Snapshot

There's just one place I'm looking for  
There's something I will never find  
And I'm afraid to stop  
I'm goin' on and I mean what I say  
Pictures of you all  
Are on my mind's wall  
I'll get back to you soon  
Gimme the time to sto  
I won't be afraid no more  
I'll sit down on the beach  
And say what I think deep to my soul  
Losin' myself into the end of the sky  
I'll cry an' put my heart into the sea  
Hope you will come down  
To take my body away  
Take my body away  
Back to my friends
