dark but it's now in the light What's your identity? Is it what  
we can see What's your identity? What do you want from me? Who  
are you? Have I ever known you? You've been someone else from  
the start Who am I? when will I know the truth? I've been telli  
ng you from the heart Who are we? Have you ever been real? Is t  
here anyone living inside Can you see? that I want to break out  
But you keep taking me for a ride What's your identity? Is it  
what we can see What's your identity? What do you want from me?
