

Serve You Right

Slash

Black habit falling
Seem so divine
Lay down your pure intention
Let it serve you right
Serve you right

Sweet sister Mary
It ain't black or white
You got your apprehension
I got what you like

And you know oh oh oh
You're way up tight
Oh oh oh oh

Lay down your habit, honey
Heaven knows my love will serve you right
Salvation comes by Sunday
But you know redemption comes tonight
Let me serve you right
Let me serve you right

I'm your confessor
Tell me what you need
Purge every dirty secret
And come clean with me

Cause you know oh oh oh
What you need
Oh oh oh oh

Lay down your habit, honey
Heaven knows my love will serve you right
Salvation comes by Sunday
But you know redemption comes tonight
Let me serve you right

Lay down your habit, honey
Heaven knows my love will serve you right
Salvation comes by Sunday
But you know redemption comes tonight
I'm not the second coming
But you know I'll be the first to try
To show you there's still something
Mama come with me I'll serve you right

Let me serve you right
