

E-Boy

Slayyyter

Remember where we first met?
I think it was on the internet
I think you were so obsessed
Watching me live, take off my dress

Do you wanna be my e-boy, be my e-boy?
Do you wanna get with me, boy?
Do you wanna be my e-boy, be my e-boy?
Do you wanna get with me boy?
Do you wanna be my e-boy

Do you wanna be my e-boy, baby?
Watch me naked, you can't take it
I promise you that I'm not faking
Cyber-sexing at 3 A.M
You could my e-boy
Kiss me through the screen, boy
Give it all to me boy, yeah
Watch me using all my toys
Do you wanna be my e-boy?

Got you sayin "Oh god damn!"
Everytime I turn on my webcam
Watch me take it off on screen
I know that you wanna get with me
Baby don't waste my time
Just send me the cash, boy, just act right
If you act right, might get some pics of me, ayy

Do you wanna be my e-boy, be my e-boy?
Do you wanna get with me boy?
Do you wanna be my e-boy, be my e-boy?
Do you wanna get with me, boy?
Do you wanna be my e-boy?

Do you wanna be my e-boy, baby?
Watch me naked, you can't take it
I promise you that I'm not faking

I know that you're into me, that you're into me, yeah
Give me all of your money, all of your money, yeah
Played out all your fantasies, all your fantasies
Call me, the e-girl of your dreams
