

Me On You

Sleeper Agent

Oh, left a part
From my history
Making chemistry, chemically
Take your burning heart off my bone
Well I'm overgrown, from the weeds you've sown

And the hardest part of being with you
Is the love I had to share with you

So baby don't let me waste no more time on you
I don't know why
I would die
If I kept you in my life
Oh you, I don't know why
I would die, I would die

Now tiptoe round my stomping ground
Where I lay my head, well it ain't your bed
I can't wonder, wonder
What bus you've broke, yourself under

And the hardest part of being with you
Is the love I had to share with you

So baby don't let me waste no more time on you
I don't know why
I would die
If I kept you in my life
Oh you, I don't know why
I would die, I would die

Baby let me ground slowly, slowly
Baby let me ground slowly, slowly

Come on baby, you know you ain't going nowhere
You're going to stay here with me forever

Oh no, oh no, oh no, oh no

And the hardest part of being with you
Is the love I had to share with you

So baby don't let me waste no more time on you
I don't know why
I would die
If I kept you in my life
Oh you, I don't know why
I would die, I would die

But I don't think, no I don't think you want me to
