

# The One That Kills the Least

Slipknot

I don't seem to care today  
I mirror what I love  
With what I hate  
Empty ways can cloud your eyes  
I only know because I tried  
So come with me...  
Come with me...  
Let's meet our contestants  
There's no better time to play the game!

I don't want to give it away! Underneath the citadels...  
Buried deep with your guilt and regrets  
Leading in the dark, everything is wonderful  
I don't care - I don't want to forget  
Why is it a crime? It's none of your business  
I prefer to be in hell by myself  
Turn the other cheek  
and tell it to somebody who  
Refuses to forgive,  
When nothing was taken

No one else survives - I've seen you live, now watch me die  
But we don't see the writing on the wall  
And as I close my eyes - alone in here, I realize  
The one that kills the least still kills us all

Hidden in the rubble, everybody's got a story to tell  
What do I need? Eliminate the possible  
All that's left is a man in a cell  
Maybe I'm wrong, maybe a decision is  
The better way to go, the better way to be  
I've got my demons - go get your own  
Save another number - don't forget to hate me

No one else survives - I've seen you live, now watch me die  
But we don't see the writing on the wall  
And as I close my eyes - alone in here, I realize  
The one that kills the least still kills us all

No one else survives - I've seen you live, now watch me die  
But we don't see the writing on the wall  
And as I close my eyes - lost in here, I realize  
The one that kills the least still kills us all  
The one that kills the least still kills us all  
The one that kills the least still kills us  
ALL ALL ALL ALL
