

# Just Because You're a Girl

Sloppy Seconds

You don't have to pay your dues,  
Just because you're a girl,  
You've got other tools to use,  
Just because you're a girl.

You've got a half way decent face,  
But you can't even play your bass,  
That's okay just shake those curls,  
Cause you're a girl.

You get help from everyone,  
Just because you're a girl,  
What the hell have you ever done?  
Never mind you're a girl.

They love you out in Hollywood,  
It doesn't mean you're any good,  
Welcome to the cold hard world,  
It's because you're a girl.

If the competitions fierce,  
Just because you're a girl,  
Get your nose or nipple pierced,  
Just because you're a girl.

Pretend to be bi-sexual,  
Have secretary tangelo,  
When underneath all the beads and pearls,  
It's because you're a girl.

It's what's between your legs that count,  
So let your braless bosom bounce,  
Sexploitation makes me wanna hurl,  
But you're a girl.

You're the Queen of sweet sixteen,  
Just because you're a girl,  
You're in all the magazines,  
Just because you're a girl.

The novelty will wear off soon,  
And you'll be back in your old room,  
Looking for another time to whirl,  
Poor little girl.
