Sly & The Family Stone

Organize

Organize

Take me take me take me to the river

Show me show me show me your waters cool

More men should deliver

Don't think you're too cool

Talking about a drug now

A drug a drug a drug is a drag if you're draggin'

A new one like the old one but it's new

The truth to the youth as a matter of fackin'

You just caught a Monday navy blue

Organize

Organize

Organize

A time to organize

Now lookee here

Get it get it get it get it get it

Organize

Organize

A time to organize

Get it

You see it's coming out in the washing

Lookee here

It's coming out in the washing

Coming out in the rinse

The colors changing in the drying

Lookee here

Hanging on the line

Don't make no sense

Organize
