

## 9 To 5

### Smallpools

You tasted the porridge  
And ran before the grizzlies took your life  
But you tried to ignore it  
The yen that wreathes the corners of your mind

All you said you wanted  
Was some time alone to look over the Treaty Of Versailles  
But all you really wanted  
Was a 9 to 5  
To pay the bills on time

You dug from the storage  
A tapestry they could not weave to scale  
Your shoes stuck to the mortgage  
Like zebra muscles sticking to the shale

All you said you wanted  
Was some time alone to look over the Treaty Of Versailles  
But all you really wanted  
Was a 9 to 5  
To pay the bills on time

To pay the bills on time

All you said you wanted  
Was some time alone to reassess your life  
All you really wanted  
Was a 9 to 5  
To pay the bills on time
