

Cheer Up

Smith Westerns

You thought you'd lay this way, tried to sit up
And roaming with your head
Till you've seen this road before
And you know there's no encore
When all you had to do was just cheer up

Cheer up
Cause nothing's gonna wait
No movies and TV shows alone

If something was a mess raise your hand
Watch it turn into a list
So simon says be damned
I don't wanna be a man
Remember just to cheer up

Cheer up
Cause nothing's gonna wait
No movies and TV shows alone

Cheer up baby
I don't you to hate me
Thought of something soon
And I'm trying just to get it back
Cheer up baby
I don't you to hate me
Thought of something soon
And I'm trying just to get it back
