

## First Place

Snoop Dogg

Convertibles and Cuban links just like a prize  
I gotta win, the golden medal caught my eye (First place)  
My eye (First place), ooh  
Champion on every street that I survive  
I gotta win, the golden medal caught my eye (First place)  
My eye (First place), ooh

OG, S-N-double O-P  
Money talk, nigga, bullshit walk  
'Fore a nigga show up, gotta envelope me  
Big dog, you could never short me  
I need it all upfront, no backend  
Since a lil' nigga, Dogg got it crackin'  
On deck all times, no lacking  
Head on swivel 'cause anything can happen  
I was banging before I was rapping  
I was slanging before it was trapping  
Always on go, it's automatic  
Gold medal caught my eye, I gotta have it  
We lost Nip too soon, that's tragic  
But he gave LA more wins than Magic  
More wins than Kobe and Shaq did  
Champions never die, they everlasting

I'm a boss, I'm a genius, I can't turn it off  
A lot of niggas not caught from this cloth  
You are witnessing a gangster evolve  
After all the run-ins with the law  
After life threw me all them curveballs  
You'da thought I gave up, but nah  
Grow man, thug it out, stand tall  
Who sold millions of records and balled?  
Never slowed up, no no, not at all  
From the streets of Long Beach, it's the Dogg  
I hustled every day, how you think I got it all?  
Did it my way, I done broke a lot of laws  
Always came in first place, I ain't never tied with y'all  
Everything real, I ain't never lied to y'all
