

# Peaches N Cream

Snoop Dogg

She's 'bout to go in  
She likes that low end  
Damn, her ass is so big  
Just keep it bumping  
Peaches and cream

She's to fly for words  
And where I'm at now I'm to high for birds  
Shorty what you think about my return?  
Cause what he think about it ain't my concern  
I ain't come for you I came for your misses  
I don't do it for the haters, I do it for the players  
Well okay, I do it for the riches  
Put in a mean time an then between time  
Shorty right there gon' get it If she with it if she ain't  
And I know her partner down cause her partner throwing shots  
Every time I turn around, and her partners bringing partners every time I come to town  
I'm a G6 sir, a Maybach-er  
You can tell the chauffeur he can park it right there  
And I'm a walk up to the club upstairs  
And When I come down he can bring it back here

She's 'bout to go in  
She likes that low end  
Damn, her ass is so big  
Just keep it bumping  
Peaches and cream

Uh oh there she go, that's that look all on her face  
Shorty dancin' like she knows she's the baddest in the place  
Hey, hey, I wanna get with you (Freak, don't fail me now)  
Hey, so what you wanna do?  
Got a [?] dress on, them [?] on her feet  
And them bottles with sparkles  
So the other girls can see that she's...  
Hey, I wanna get with you (Freak, don't fail me now)  
Hey, so what you wanna do?

I came to cut right now  
Big Snoop Dogg and I came to get down  
Yes, I'm internationally known  
Lethal love that make you moan and groan  
Earn my cash like race cars

She's 'bout to go in  
She likes that low end

Peaches and cream
