

## A Ship Is Burning

Sol Invictus

A ship is burning  
Out at sea  
Flames in the dark  
Caught on the breeze  
From the shore  
With tear stained eyes  
The king is dead  
But a phoenix will arise

From yesterday  
To tomorrow  
From yesterday  
To tomorrow  
From yesterday  
To tomorrow  
From yesterday  
To tomorrow

On ancient stones  
On misty moors  
I carve the names  
Of those who came before  
Washed in moonlight  
The shadows move  
Hear the voices  
Calling out to you

From yesterday  
To tomorrow  
From yesterday  
To tomorrow  
From yesterday  
To tomorrow  
From yesterday  
To tomorrow
