

Be Bop Grandma

Solomon Burke

Peepin' through the window
Watching Grandma do the rock and roll
Peepin' through the window
Watching Grandma do the rock and roll
She gonna rock away us to save her soul

She's a be bop grandma you think
She's sweet sixteen
She can dance so good
She could keep up with Maybelline
If I didn't know it was grandma think
It was a rock and roll queen

Peepin' through the window
Watching Grandma do the rock and roll
Peepin' through the window
Watching Grandma do the rock and roll
She gonna rock away us to save her soul
Oh yeah

She's a fan of Bandstand watches each
And every day
She can dance to every record
A jockey can play
She's a hip shakin' Grandma
Hip hip hip hurray
Shake it one time for me grams

Don't you break it please don't break it
Shake it one time for me girl
Come on shake it now baby let's shake
Shake it one time
Shake it one time for me

Peepin' through the window
Watching Grandma do the rock and roll
Peepin' through the window
Watching Grandma do the rock and roll
Good enough trying to save her soul
Oh yeah
Shake it one time for me grams

Don't you break it please don't break it
Shake it one time for me girl
Come on shake it now baby let's shake
Shake it one time
