# Go On Back To Him

**Solomon Burke**

Go on back to him
If you really miss his touch
I won't try to stop you
I love you too much
I'll try to act brave
And hold my head high

But you better go on back to him
I don't want you to see me cry

Go on back to him
I know he's waiting for you
I won't try to hold you
Tell me what good would it do
I'll just smile, least I'll try

But you better go on back to him
I don't want you to see me cry

Don't stand there sayin' you're sorry
Baby, we've just made a mistake
Now keep your ring
Go right on back to him
'Cause baby, I've had all I can take

Oh oh go on back to him
There's no more to say
If you've made your choice
I won't stand in your way
But I wish just one last time
You'd kiss me goodbye
And then you better go on back to him
'Cause I don't want you to see me cry
Oh I don't want you to see me cry

Cry cry cry...
