

# I Feel A Sin Coming On

Solomon Burke

She just sits there  
Her eyes are on me  
I shake with temptation  
Just knowing what it could be

I oughta go home  
You see, I've been here too long  
Oh, Lord, yes, I have

I say, I (I feel a sin)  
I say I feel a sin right now  
I really feel a sin right now  
(I feel a sin) coming on

She has smoke rings  
That's her halo  
How high she flies depends  
On how the wine flows  
Makes no difference  
I know I'm doing wrong

Cause I (I feel a sin)  
I tell you, I feel a sin right now  
I said I feel a sin right now  
(I feel a sin coming on)

I got another world  
Right, right, right outside  
Outside the door  
I got a wife, children, a home  
Who could ask for more

Fool that I am  
I been here too long  
Yes, I have

I say, I (I feel a sin)  
Deep down inside my soul  
(I feel a sin)  
I said I feel a sin right now  
(I feel a sin)  
(I feel a sin)...
