

# Keep The Magic Working

Solomon Burke

Keep the magic working  
Never let it stop  
Keep the magic working  
Never let me drop  
Out of this heaven  
You have lifted me to  
I don't know how you work it  
But I'm glad you do

Have you got Alladin's lamp, my love  
To make me feel this way  
I don't know what powers you possess  
So all that I can say

Is keep the magic working  
Cause it feels so fine  
And keep it working  
Keep your lips on mine

Have you got Alladin's lamp my love  
To make me feel this way  
I don't know what powers you possess  
So all that I can say

Is keep the magic working  
Cause it feels so fine  
And keep it working  
And a working and a working  
Keep your lips on mine  
Umm, keep your lips on mine  
Yeah, keep your lips on mine  
Mine mine mine...  
Everyday...
