Save It

Solomon Burke

Don't give it to nobody, save it all for me
'Cause we're not to get back hunger
You know I want it, I need it
I love the way you love

It ain't much to ask for, it ain't much to do
So save it all for me, girl
And I'll save it all for you
You know I want, I need it, I can love you

Don't give in to temptation
You show imagination
Just keep me on your man
You know I love you all the time

I couldn't bear the pain
Pain, the thought of losing you
'Cause you got everything I need
You know that you do, girl
I need it, I gotta have it, I want it, I love you
