

## Soul Meeting

Solomon Burke

I was a fool  
I told a lie  
I did you wrong  
I made you cry  
So now i'm walking all alone  
Down the darkest street in town  
Standing in the rain  
While my tears keep falling down  
I'm soul searching  
How could i say goodbye to you?  
I'm soul searching  
I made you cry  
How could i leave  
Somebody like you  
How could i do all the silly things  
That i do  
Wht makes me try the way i do  
Act a fool the way i do  
I need you so bad baby  
Won't you come back to me?  
I'm soul searching  
But nobody like my baby  
I keep soul searching  
It's driving me crazy  
Why  
Did i ever say goodbye  
I must be outta my mind  
I keep walking and looking for a sign  
I gotta be crazy baby  
To ever let you go  
I keep looking for a sign  
Oh why  
Do i get all the bad breaks  
How could i make  
Such stupid mistakes  
But the truth won't come to me  
No matter how i wreck my brain  
The rain keeps falling down  
And i keep calling out your name  
I'm soul searching
