

# Woman, How Do You Make Me Love You Like I Do

Solomon Burke

Woman, how do you make me  
Love you like I do?

When all the time I keep saying  
I'm quitting you  
Woman, there's something that you got  
I don't know exactly know just what  
Woman, how do you make me  
Love you like I do?

Woman, how do you make me work so hard  
Each day?  
And I can hardly wait to run and  
Bring you home my pay?  
Now there's something that you got  
I don't know really know just what  
Woman, how do you make me  
Love you like I do?

Down through the years in my lifetime  
I've been so jealous of you, my love  
And there were times that  
Friends tried to tear us apart  
When I heard the gossip  
There were times that I thought that  
My buddies had something better than me  
But I found out that  
You can't get everything you want  
And have everything you see

Woman, how do you make me  
Love you like I do?  
When all the time I keep saying  
I'm quitting you  
I don't know exactly what you got  
Whatever it is, I get a lot  
Woman, how do you make me  
Love you like I do?  
Woman, how do you make me  
Love you like I do?
