

# Are We Alone Now

Sondre Lerche

[Verse 1]

Are we alone now?

We always were

You are the person I've met I most prefer

But we're no match for the small fact that we are both alone

[Chorus]

Are we alone now?

We always been

Even if fear allows the terrorist to win

Lovers and killers do it

Even so let's die alone

(Die alone)

[Verse 2]

Are we alone now?

We'll always be

Even if we decide to make a baby

It takes a village to be ultimately all alone

[Chorus]

Are we alone now?

Someday we'll see

That everything withers away eventually

It's such a blessing to be brought into this world, alone

To love someone

And die alone

(Die alone)

(Die alone)
