I'm Not From Here

Sondre Lerche

I'm not from here please help me out I didn't grow up around here Is it my eyes that give me away? Or is it just the tears?

I shouldn't be so lost But I know not what these things cost So please let me be to you ever near Although I'm not from here

I'm not from here excuse me please Pardon my ignorance dear I just don't get the lingo you speak To me it all sounds greek

I shouldn't be so lost But I never learned what these things cost So please let me be to you ever near Althought I'm not from here
