

Gauley Bridge

Songs: Ohia

I seen you sent the second part
with the faith thrown back
sent me to join the sudden evenings passing
if i have been too constant
then you were this thing also
she shut up the room,
same blue voice to sound it
how exactly Jonesy, do you declare we're bound
spend the lives that rise between us
we were once so constant
if you have been to constant
then i was this thing also
perhaps i will join that posture
you have braced around your smile
