

Robes filled with dead mens bones  
Invoke the god of this age  
Usurping should of the world  
Unleashing the demons of goetia  
What have you done  
Condemned by your own hands  
You can't escape the wrath  
You brought on yourself

Your jealousy of God  
The quest to be immortal  
your soul in satan's grasp  
This breath will be your last  
Your jealousy of God  
The quest to be immortal  
your soul in satan's grasp  
This breath will be your last

The sons of perdition  
Blasphemous and unclean  
You're white washed tombs  
Caskets of heresy  
You've denied your creator  
Controlled apostasy  
Legions destroy us all  
Behind a godless cross

Your jealousy of God  
The quest to be immortal  
your soul in satan's grasp  
This breath will be your last  
Your jealousy of God  
The quest to be immortal  
your soul in satan's grasp  
This breath will be your last

Your jealousy of God  
The quest to be immortal  
your soul in satan's grasp  
This breath will be your last  
Your jealousy of God  
The quest to be immortal  
your soul in satan's grasp  
This breath will be your last
