Soulfly

I believe
It must be
I believe
Infinity

I believe
It must be
I believe
Immortality

Every man has to find his own destiny
Just follow your heart and just let it be
I believe in God immortality

I believe
It must be
I believe
Infinity

I believe
It must be
I believe
Immortality

Every man needs to find his own destiny
I believe in God through infinity
Every man needs to find his own destiny
I believe in God beyond mortality
Every man needs to find his own destiny
I believe in God immortality

You can't kill faith
You can't kill God
