

Jesus of Nothing

Soulsavers

Last go round
Seemed like my trail's nearly ending
Been locked up
Going out of my head

Last go around
My trail's nearly over
Been locked up
Going out of my mind

Jesus of nothing
Judas to touches
On my way
Going out of my head
My trail's nearly ended

Those blocking out the sun
I turn the ocean over
See nowhere to run
I've run so far already
The last go around
Till the end of my mind

Jesus of nothing
Judas to touches
Last go round
Going out of my mind
On my way
Going out of my head

Last go round
Going out of my mind
It's my last go round
Going out of my head
My trail's nearly ended
