

## Precious Time

Soulsavers

Girl, come over here, there's nothing left to fear  
There's nothing left to do to keep this love from drawing near  
I know what you been through, I know why you're so blue  
I know you're scared by love and, girl, I know I love so true

I see it in your face  
I see it in your eyes  
I hear it in your voice, you're trembling  
Now that my love has made you realize

Why're you over there  
Living in despair  
Oh baby, over here it's .., you got to be aware  
What you gonna do  
It ain't up to you  
You know I'll steal you from your daddy and your boyfriend too

It's in the way you move  
You know your love is mine  
You know you can't control it anymore  
Just give it up, stop wasting precious time

Come over to me  
I know just what you need  
You feel your heart is weak ..  
Can't you read the signs  
You shouldn't be surprised  
They're saying justice .., oh girl, you'll feel me deep inside

Girl, when you get here  
You see how insincere  
Your ways have been, I'll fill you up with all my love  
And then you'll drip me in
