

Can You See Me

Soundgarden

Can you see me?
I'm singing this song to you
Can you see me baby?
I'm singing this song to you, yeah
If you can see that you can
See in the future for a thousand years
Well can you see me?
I'm flossing my teeth for you, yeah
Can you see me baby?
I'm washing my seats for you
Yeah if you can see that you can
See in the future for a thousand years
Mmmmm...
Yeah
Well can you hear me?
I'm singing this song to you, mmm...
Can you see me baby?
I'm on my knees for you, yeah
If you can see that well you
Better come home like your sposed to
Yeah you better come home
Yeah you better come home
Just like your s'posed to do
