## **Big Boy**

Sparks

The earth is shaking, so am I If you don't run, it's suicide

Big Boy, Big Boy

My name is David, he don't care He's never nice, he's never scared

Big Boy, Big Boy

Big Boy comes around Throws his weight around Throws our girls around Leaves without a sound

Big Boy, Big Boy

He's well-equipped, the girls are sure Is that a guess, or something more

Big Boy, Big Boy

We're bored to tears until he comes And then we're crying cause he's come

Big Boy, Big Boy

Big Boy comes around Throws his weight around Throws our girls around Leaves without a sound

Big Boy, Big Boy

The earth is shaking, so am I If you don't run, it's suicide

Big Boy, Big Boy
