## My Baby's Taking Me Home

## **Sparks**

```
Home, my baby's taking me home
```

As we walk through the morning rain
And the skies are clearing
And the streets are glistening
Streets named for New England trees
A rainbow forms
But we're both colorblind
But we can hear what others can't hear
We can hear the sound of a chorus singing

Home, my baby's taking me home
My baby's taking me home
