all day all I think about is you can't wait to do all the things we do slip in to my jeans and Ill be gone takes me half a day to get them on

chrous

here's where i'd wanna be
hanging out in the parking Lot
don't you know I was born to rock
heavy metal boys make me hot
nah-nah-na-nah
hanging out in the parking lot
see the charger go round the block
wish the seventies never stopped
nah-nah-na-na-nah
nah-nah-na-na-nah

all week all i think about is you one day my name there on your tattoo ripping stuff off from the grocery getting chased by the security

[Chorus]

Uh-huh

today all i think about is you wonder what it is all day you do waiting till the day when you'll be free so sad now that you're in custody

[Chorus]
