Punctured lungs!!! I'm out of breath This time I'm suffocating I've had enough now Too numb there's no resisting Becoming one With all your failure No coming back now This bridge has been burned Try to cut the cord Tear away Or I will never be the same Trust breaks like bone Violence shows Reject and throw it all away Consume the fight in me Suspend reality If it stops the room from spinning Repressed identity Escape reality You killed the cause This keeps repeating Live through the loss now Redeem your enemies Recycled thoughts Feed your delusion Your lie outgrows you Becomes its own truth Still it seems so wrong The way you think And I will never understand Faith broke like bone Weakness shown You lost and threw it all away Consume the fight in me Suspend reality If it stops the room from spinning Repressed identity Escape reality If it stops the room from spinning Puncture my lungs! Puncture my lungs! Nooooooo!!! Puncture now! I've never felt your emptiness It makes me sick now Obsessive with your reasons Compulsive with your failure Try to cut the cord Tear away Or I will never be the same Trust breaks like bone Violence shows Reject and throw it all away Consume the fight in me Suspend reality If it stops the room from spinning Repressed identity
Escape reality
If it stops the room from spinning
