Hold On

Spiritualized

You gotta hold on, baby to those, you hold dear and gone to the people you love. Cause death cannot part us if life already has. Hold on, to those you hold dear.

You gotta hold on, baby to those that you love cause hell's not below us or heaven above. And death cannot take what you've already lost. Hold on, to those you hold dear.

You gotta hold on, baby to those, you hold dear you get back the love that you send. And time makes it harder where words already failed. Hold on, to those you hold dear.

You gotta hold on, baby to those, you hold dear and gone to the people you love. Cause death cannot part us if life already has. Hold on, to those you hold dear.
