

## Lay It Down Slow

Spiritualized

If you've got dreams in your heart  
Why don't you share them with me?  
And if dreams don't come true  
I'll make sure that your nightmares  
Are through

If you've got pain in your heart  
Why don't you share it with me?  
And we'll just wait and see  
If it's half of what it used to be

And lay it down slow  
Lay it down free  
Lay it down easy  
But lay it on me

If you've got love in your heart  
Why don't you keep it with mine?  
I can't promise a miracle  
But i'll always be trying

And lay it down slow  
Lay it down free  
Lay it down easy  
But lay it on me

Lay it down easy  
Lay it on me

Lay it down easy  
But lay it on me
