

## Famous People

Split Enz

Famous people got no life of their own  
Famous people spend all day on the phone  
In the telling, the joke's in the telling  
the song's in the singing, singing, oh

Famous people up on top of the tree  
When the wind blows, they will knock at the knee  
In the falling, the climb's in the falling  
the cry's in the calling, calling, oh

Famous people...

Famous people got no flesh on the bone  
You got to keep your figure, figure fame as a loan  
And forever, your names live forever  
the real you must never interfere

Famous people...
