```
All of God's people
Look from the outside in
You know them too well
But do you mirror their nightmares
What more could you ask for
For all this and nothing
To talk deep on the inside
And you know that you will
But I'll give a mind any reason
To fall and take the easy way out
I'll never give under pressure, give my permission
I bet you say that you will
All of God's people
And all them good people
And all of God's people
They don't look like me
They don't look like me
They don't look like me
They don't look like me, yeah yeah yeah yeah
Oooh
Oooh hey hey aaaah aaaah
Aaaah aaaah
Hey hey, aaah hey, aaaah, yeah, aaah yeah yeah yeah
I'll never mind any reason
To fall and take the easy way out
I'll never give under pressure, give my permission
Well, I bet you say that you will
All of God's people
All them, God's people
All of God's people
They don't look like me
They don't look like me
No, they don't look like me (all of God's people)
They don't look like me (all of God's people)
They don't look like me (all of God's people)
No, they don't look like me (all of God's people)
They don't look like me
All of God's people
Look from the outside in
You know them too well
But do you mirror their nightmares
What more could you ask for
For all this and nothing
To talk deep on the inside
```

And you know that you will, yeah

Oooooh, yeah yeah
