

No New Kinda Story

Starflyer 59

This is what we want
You know we had to wait a good while
This is what we need
To live out all the love that we read

This aint no new kinda story

Things are not that bad
You know we had a hell of a dad
This is what we need
To live out all the love that we read

This ain't no new kinda story

This is what we want
You know we had to wait a good while
This is what we need
To live out all the love that we read

This ain't no new kinda story
