

# Big Man

State Radio

Doctor, what can I do?  
My hay-fever's not breaking  
Take two of the green and four of the blue  
But don't call me in the morning

We are overtired  
And we are where you're from  
And we have occupied  
May we explain

That who's so highest  
Burn the brightest  
But I'm still staring  
Yes, I'm still staring

Who's so highest  
Burn the brightest  
But I'm still staring  
Yes, I'm still staring  
Yes, I'm still staring

'Cause he's a big man  
He's going out to hide away  
Oh, he's such a big man  
Oh, going out to hide away

They cannot help themselves  
Chose Icarus to Solomon  
Mirror, mirror on the wall  
Street look straight to Washington

And they were getting away with murder  
But murder's getting away  
Tell the van to set himself on fire  
Set fire to the day

And who's so highest  
Burn the brightest  
But I'm still staring  
Yes, I'm still staring

Who's so highest  
Burn the brightest  
But I'm still staring  
Yes, I'm still staring  
Yes, I'm still staring

'Cause he's a big man  
Oh, he's such a big man  
Yeah

Someone's gotta take the fall  
Someone's gotta take the fall  
Someone's gotta take the fall

'Cause the devil gonna dance  
'Til the music stop

Oh, the devil's gonna dance  
'Til the music stop  
Oh, the devil gonna dance  
'Til the music

Someone's gotta take the fall  
Someone's gotta take the fall  
Someone's gotta take the fall

'Cause the devil gonna dance  
'Til the music stop  
Oh, the devil gonna dance  
'Til the music stop  
Oh, the devil gonna dance  
'Til the music
