

Sugarbeet Wine

State Radio

We all fall down
We all fall down
We all fall down
Till we build this one high enough
We all fall down
We all fall down

Bring you my sugarbeet wine
Bring you my sugarbeet wine

Solemn water don't go
I was terrified
You told me to go
To the boss so I was mortified

We all fall down
We all fall down
We all fall down
Till we build this water high enough

We all fall down
We all fall down
We all fall down
Till we build this one high enough
We all fall down
We all fall down

Bring you my sugarbeet wine
Bring you my sugarbeet wine

Solemn water don't go
I'm most terrified
You told me to go
To the boss so I was mortified

We all fall down
We all fall down
We all fall down
Till we build this water high enough

We all fall down
We all fall down
We all fall down
Till we build this one high enough

We all fall down
We all fall down
We all fall down
Till we build this one high enough

So even else bridge
Or the endless mountains
Told me where to go where he does
Couldn't get some land

Know my friend you've been
Nothing but kindness

Told me I gotta get down
While I can, while I can

I'm so late, I have opinions
And I'm gonna look for you

Bring you my sugarbeet wine
Bring you my sugarbeet wine

'Cause we don't love, we don't love
To my sign, to my sign, ye
